My birthday message to your mom besides wishing her a great big Happy 80th Birthday is that she was a true lady to all of the LATELCO employees. Always gracious and pleasant to us and always had a smile and a "hello" for us. But one thing I need to tell her is how much I appreciated her and Jane Savoie offering to take me to my cancer treatments back in Thibodaux in December of 1999. I was moved that two ladies who have so much to do would have taken the time for me. I am happy to say I only needed someone to come with me three times. My niece took me once and Jill took me twice. The other 30 treatments I was able to drive myself. I have never forgotten that offer. Also, your mom and dad always showed concern for all of us whenever there was something happening in our lives. Thank you for being such a gracious lady.
