

**Claire Graduation Trip to Orlando**

**January 10 – 16, 2021**

Claire, AKA as Baby Girl, suffered the most during the Covid Year 2020. She ended her Senior year without all of the traditional activities and began her first year of college in the most unusual way. We had previously scheduled a trip to Europe during the summer to celebrate her EDW Graduation. It was cancelled due to Covid when everything shut down. We decided at last minute to go to Disney/Universal in January 2021. Things were still somewhat not yet clear of Covid and we were still concerned. However, we believed we could be safe and heard Disney was being extra strict on guidelines. We decided to drive instead of the highly risky flying option. Luke was not able to attend with the trip with us. Therefore, Claire invited one of her friends to come on the trip, Delaney Long.

We returned to the "Scene of the Crime". Ten years ago, Claire crossed in front of me as we were walking, and I tripped over her feet. I fell right here and broke my right elbow. We had just arrived at Hard Rock Hotel, dropped our bags, and walked to eat at Jimmy Buffet's. We were walking out of the restaurant to enter the park when I broke my elbow.
